Editor Sea Coast Echo:

The greatest educational event of Hancock county, was witnessed by a large assembly of teachers, students, trustees and patrons of the schools of Hancock county on the grounds of the Kiln Consolidated School, Friday night and Saturday, February 11th and 12th, 1921.

This assembly was well represented by teachers from all over the county, with students who had the gift to meet his fellow competitor in various and sundry contests, with a determination to win. In the writer's opinion, this was the most friendly-spirited contest that he has ever witnessed. Those who were successful did not gloat over their victory; likewise those who were defeated did not complain. In fact, we are frank to say that, that not one word of criticism reached our ears. The people, with one accord, seemed to rejoice with those who clinched the successful contestants. That, of course, was the right spirit. And had those teachers who were too busy, or who did not have faith in their own work, or the work of their students, been present at this friendly meet, they, no doubt, would have agreed with us.

The literary events were held at night. Not a whisper was heard from the splendid assembly, save the hearty applause as the boys and girls came on the stage to render their declamations and readings. The judges being selected, each contestant was called by number, and each did justice to the task entrusted to him in a way that held the great audience entirely together.

I have not the time or space to dwell, at length, on each of the readers and declaimers, except to say that had I been a Judge, it would have been difficult to have decided, until Master Willie Erwin, five years of age, said in his closing remarks, "I WON'T RUN AWAY ANY MORE." The final declamation was awarded to him.

The various athletic events were equally interesting. They were all hotly contested and brought forth favorable comment from all sides. Particularly was this the case in the relay races, the tug of war, and the basket ball games.

Our efficient member of the Board of Supervisors, from Sellers, Mr. Calvin Shaw, rendered valiant service to his school team as chief "rooter" and no doubt, assisted them in winning.

The following is a complete list of the event and the winners of each:

COMPOSITION—Grammer Grades: Leno Nicasie, Kiln, 1st prize; Blanche Wilkinson, Logtown, 2nd.

HIGH SCHOOL—High School: Alphonse Dubuisson, Kiln, 1st.

One day the mother heard loud screams emanating from an adjoining room and rushed in to investigate the cause. Father was vigorously administering chastisement to the young hopeful.

"James! James! Why are you thrashing Harry?" demanded the wife. "Because I caught him in a lie, that's why," said the father, continuing the thrashing.

"A lie? You say a lie?"

"Yes! I will teach him to lie better than that if I have to break every bone in his body!"

MAKING BEST USE OF PAINT

Coloring Must Be Selected According to the Material on Which It is to Be Used.

Paints and painting cost less than repairs necessitated by decay or disintegration.

There is no such thing as an all-service paint. Paint should be selected according to the material to be painted and the conditions under which it must give service. The wear on a floor is more severe than on a wall; hence the floor calls for a tougher, more elastic paint.

Painting should not be done when the temperature is lower than 50 degrees Fahrenheit, as the paint will not flow well. It is impractical to paint a hot surface. The old painting maxim is: In spring and fall follow the sun; in summer, follow the shade.

Outside painting should be done in dry weather. Surfaces should not be painted when wet.

Surfaces to be painted should be as smooth and clean as possible. They should be free from grease. If painting new wood, knots and sappy surfaces should be shellacked first. If painting over previously painted surfaces, all blisters and loose or pealed spots should be scraped or burned clean. A brushing with a stiff wire brush followed by sandpaper is good practice.

A priming coat usually pays for its cost. A firm base for the final coats is very essential to insure long service. The primer should be thin enough to penetrate the lumber. It should be well applied.

Only pure linseed oil or pure turpentine should be used to thin paint.

TOWN AS PART OF COUNTRY

Southern Magazine Has the Right Idea That Communities Must Stand or Fall Together.

The country town is a part of the country. It is one of the encouraging signs of the time that country town business men are coming to realize this fact. It has not been so long ago that every little town thought that its business was to grow into a city just as soon as possible. Some towns and many town people still think so. Many small-town people, too, still think that their chief relations and interests are with the cities rather than the country. The most far-seeing business men have come to know better. They are seeing more and more clearly that the town, the small city, is an integral part of the country, that it profits only as the country prospers, and that it has its place in the scheme of things to be the life center of the country about it. The town merchant who opposes co-operative buying or selling by the farmers of his territory, the town banker who would hinder the establishment of farm loan associations in his county, the town editor who neglects the interests of the back-country districts are becoming more and more out of date. Not until the country and the country town learn that they are yokefellows and must pull together can either make the progress it should. And both are learning.

GALOMEI DANGER TOLD BY DODSON

Says You Cannot Gripe, Sicken, or Salivate Yourself if You Take "Dodson's Liver Tone" Instead.

Calomei loses you a day! You know what calomei is. It's mercury; quicksilver. Calomei is dangerous. It cratches into your like dynamite, cramping and sickening you. Calomei attacks the bones and should never be put into your system.

When you feel sluggish, constipated and all knocked out, and believe you need a dose of dangerous calomei just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is

entirely vegetable, and pleasant to take and is a perfect substitute for calomei. It is guaranteed to start your system working again, straightening and removing all the bad effects of calomei.

Don't take calomei! It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

Misses Alice Holloman and May Miller of Logtown entertained at a "fancy dress Valentine party" Saturday night at the residence of Miss Nettie Koch, a beautiful old Logtown homestead, where nature seems to put forth in all its glory. There were three prizes, first won by Edwin Orr, second by Miss Mabel Smith and third by Alfred Lutkin. Every one present reported a most enjoyable time.

County Field Day exercises at the Kiln Saturday attracted many visitors from Bay St. Louis as well as from all over the county. Both exercises Friday night and Saturday were witnessed by large crowds and proved amply worthy of the consideration. The people at Kiln and the officials in charge deserve the warmest commendation for the manner in which the meet was planned and conducted.

The engagement of Mr. Dan E. Bourgeois, son of Mr. and Mrs. W. L. Bourgeois, of Bay St. Louis and Miss Bonnie Lucille Stockstill, daughter of Mr. and Mrs. Monroe Stockstill, of Picayune, Miss., is announced, the wedding to take place on Tuesday, March 8th, at Picayune. Miss. Mr. Bourgeois is assistant cashier of the Merchants' Bank, of this city, well-known and esteemed by all who know him and worthy of the charming and accomplished young lady whose hand he has won. In advance, The Echo extends the prospective bride and groom congratulations and good wishes.

Mr. E. J. Lawrence, resident of Bay St. Louis and patron of the Bay St. Louis public schools, has a communication in this issue of The Echo wherein he criticizes the work of the principal of Central school. The question is not only public one but of vital import and we are of the opinion that the matter should be brought to the notice of the School Board of Trustees, who are the guardians and directors of the school, investigated and settled. The matter should not be disposed of in a manner otherwise. Both sides should be given a hearing as a matter of common justice.

Mrs. Madalyn Cirlot has announced the engagement and approaching marriage of her daughter, Sallie, to Mr. Frank Boykin Pittman, the marriage to take place at the Methodist church in Moss Point on February 22nd. The affair was not only one of much delight, but was largely attended and the popularity of Miss Cirlot was well attested to by the numerous presents received. These were placed in a large basket and drawn by dainty little Misses Emma Lou Stokoe and Marietta McDonald. Another feature of the affair was to the effect that each guest was requested to write a recipe for the culinary department of the prospective home.

After a meeting of the Federated Women's Club, held at St. Joseph's Church, Saturday afternoon, Rev. Father Alexander, Presbyterian father, founder of a mission at the church of Our Lady of the Gulf, by invitation addressed the members, explaining and discussing the different phases of the Smith-Ford Education Bill, rendered before Congress. Before the meeting adjourned, resolutions were voted expressing thanks from this district and the state of Washington, and the Club voted and asking that it be sent to the author of the bill. The meeting was a most interesting and its social side as well as its thoroughly educational.

Mr. and Mrs. J. Marshall of St. Louis, were the guests of the Club, where they were entertained.
